1 Committee/Subcommittee hearing bill: Local Government Affairs
 2 Subcommittee
 3 Representative Renner offered the following:

Amendment (with title amendment)

6 Remove everything after the enacting clause and insert:
 7 Section 1. Section 401.25, Florida Statutes, is amended to
 8 read:

9 401.25 Licensure as a basic life support or an advanced
 10 life support service; air ambulance services.-

11 (1) Every person, firm, corporation, association, or
 12 governmental entity owning or acting as agent for the owner of
 13 any business or service which furnishes, operates, conducts,
 14 maintains, advertises, engages in, proposes to engage in, or
 15 professes to engage in the business or service of providing
 16 prehospital or interfacility advanced life support services or
 17 basic life support transportation services must be licensed as a

Amendment No. 1

18 basic life support service or an advanced life support service,
19 whichever is applicable, before offering such service to the
20 public. The application for such license must be submitted to
21 the department on forms provided for this purpose. The
22 application must include documentation that the applicant meets
23 the appropriate requirements for a basic life support service or
24 an advanced life support service, whichever is applicable, as
25 specified by rule of the department.

26 (2) The department shall issue a license for operation to
27 any applicant who complies with the following requirements:

28 (a) The applicant has paid the fees required by s. 401.34.

29 (b) The ambulances, equipment, vehicles, personnel,
30 communications systems, staffing patterns, and services of the
31 applicant meet the requirements of this part, including the
32 appropriate rules for either a basic life support service or an
33 advanced life support service, whichever is applicable.

34 (c) The applicant has furnished evidence of adequate
35 insurance coverage for claims arising out of injury to or death
36 of persons and damage to the property of others resulting from
37 any cause for which the owner of such business or service would
38 be liable. The applicant must provide insurance in such sums and
39 under such terms as required by the department. In lieu of such
40 insurance, the applicant may furnish a certificate of self-
41 insurance evidencing that the applicant has established an
42 adequate self-insurance plan to cover such risks and that the

Amendment No. 1

43 | plan has been approved by the Office of Insurance Regulation of
44 | the Financial Services Commission.

45 | (d) The applicant has obtained a certificate of public
46 | convenience and necessity from each county in which the
47 | applicant will operate. In issuing the certificate of public
48 | convenience and necessity, the governing body of each county
49 | shall consider the recommendations of municipalities within its
50 | jurisdiction.

51 | (3) The department may suspend or revoke a license at any
52 | time if it determines that the licensee has failed to maintain
53 | compliance with the requirements prescribed for operating a
54 | basic or advanced life support service.

55 | (4) Each license issued in accordance with this part will
56 | expire automatically 2 years after the date of issuance.

57 | (5) The requirements for renewal of any license issued
58 | under this part are the same as the requirements for original
59 | licensure that are in effect at the time of renewal.

60 | (6) (a) By January 1, 2017, the governing body of each
61 | county that is not a fiscally constrained county as defined by
62 | s. 218.67(1) shall may adopt an ordinance or amend an existing
63 | ordinance to ordinances that provide reasonable, objective
64 | standards for certificates of public convenience and necessity
65 | for basic or advanced life support services ~~and air ambulance~~
66 | ~~services~~. In developing the standards ~~for certificates of public~~
67 | ~~convenience and necessity~~, the governing body of each county
68 | must consider state guidelines, recommendations of the local or

Amendment No. 1

69 regional trauma agency created under chapter 395, ~~and the~~
70 recommendations of the municipalities within its jurisdiction,
71 and recommendations of the independent special districts that
72 provide fire rescue services within its jurisdiction. The
73 ordinance shall provide a quasi-judicial process, or some other
74 type of evidentiary process, for approval or denial of an
75 application for a certificate. The ordinance shall also provide
76 that applicants maintaining fire rescue infrastructure and
77 providing first response in the county as of January 1, 2016,
78 may appeal the county's decision to the circuit court with
79 jurisdiction over the county. A county that, as of January 1,
80 2016, has adopted an ordinance that complies with this
81 subsection is not required to further amend the ordinance.

82 (b) The governing body of a county defined as fiscally
83 constrained pursuant to s. 218.67(1) may adopt an ordinance to
84 provide reasonable, objective standards for certificates of
85 public convenience and necessity for basic or advanced life
86 support services. In developing the standards, the governing
87 body of each county must consider state guidelines,
88 recommendations of the local or regional trauma agency created
89 under chapter 395, recommendations of the municipalities within
90 its jurisdiction, and recommendations of the independent special
91 districts that provide fire rescue services within its
92 jurisdiction.

93 (c) The governing body of each county may adopt an
94 ordinance to provide reasonable, objective standards for

Amendment No. 1

95 certificates of public convenience and necessity for air
96 ambulance services. In developing the standards, the governing
97 body of each county must consider state guidelines,
98 recommendations of the local or regional trauma agency created
99 under chapter 395, recommendations of the municipalities within
100 its jurisdiction, and recommendations of the independent special
101 districts that provide fire rescue services within its
102 jurisdiction.

103 (7) (a) Each permitted basic life support ambulance not
104 specifically exempted from this part, when transporting a person
105 who is sick, injured, wounded, incapacitated, or helpless, must
106 be occupied by at least two persons: one patient attendant who
107 is a certified emergency medical technician, certified
108 paramedic, or licensed physician; and one ambulance driver who
109 meets the requirements of s. 401.281. This paragraph does not
110 apply to interfacility transfers governed by s. 401.252(1).

111 (b) Each permitted advanced life support ambulance not
112 specifically exempted from this part, when transporting a person
113 who is sick, injured, wounded, incapacitated, or helpless, must
114 be occupied by at least two persons: one who is a certified
115 paramedic or licensed physician; and one who is a certified
116 emergency medical technician, certified paramedic, or licensed
117 physician who also meets the requirements of s. 401.281 for
118 drivers. The person with the highest medical certifications
119 shall be in charge of patient care. This paragraph does not
120 apply to interfacility transfers governed by s. 401.252(1).

Amendment No. 1

121 Section 2. This act shall take effect July 1, 2016.
